### A Shooting Affray at Los Angeles.

### Printer Drowned in Seattle Harbor.

### Striking Iron Moulders Attack and Beat the Foreman of the Risdon Iron Works.

By the Associated Press:  
LOS ANGELES, June 8.—Jesus Figueroa and Jose Yosha quarreled at San Gabriel this afternoon and Yosha fired two shots with a revolver at Figueroa, one ball taking effect in the latter's stomach and causing a wound which it is thought will prove fatal.  
Yosha gave himself up to a constable at Alhambra and was brought to this city. He said he had the quarrel with Figueroa over a game of cards. That Figueroa followed him with a knife and that he fired in self defense. This version of the affair is corroborated by a man who saw the shooting. The latter, however, declares that the real cause of the trouble was an old family feud.

### CAUGHT IN A SQUALL.

THE BOAT UPSET AND ONE MAN DROWNED IN THE BAY.  
SEATTLE, Wash., June 8.—Morris Adams, a printer, was drowned in the harbor this afternoon. He was boating with five other printers when a squall came up and overturned the boat, throwing the party into the water.  
One of the printers got hold of Adams, but had to let him go to save himself. A rescuing party of six started out in a boat and were themselves overturned, but all escaped.  
Adams was a single man and has relatives in this city.

### BRUTALLY BEATEN.

AN IRON WORKS FOREMAN ATTACKED BY STRIKING MOULDERS.  
SAN FRANCISCO, June 8.—Jeremiah Galvin, foreman in the Risdon iron works, was badly beaten early this morning by Martin Feeney and George Graves, striking iron moulders. Both assailants were arrested and charged with battery.  
Galvin was on his way to his work. As he approached the shop the two men came out of a saloon and Feeney struck him in the face several times. Graves was intoxicated.

### GIVING UP THE DEAD.

THREE BODIES FOUND IN AND NEAR SEATTLE IN ONE DAY.  
SEATTLE, Wash., June 8.—The body of an unknown man was found hanging from a tree at Smith's Cove, north of the city, by a small boy this afternoon. The man had evidently climbed the tree, tied a long, silk handkerchief to a limb and around his neck and then hanged himself.  
The body of Charley Wagner, drowned in the harbor Saturday, was recovered today by his father.  
The decomposed body of an unknown man was found in the timber near the Madison cable road last night. There was nothing on the body by which the remains could be identified. The man had been dead evidently a year.

### Disobeyed Orders.

SAN RAFAEL, Cal., June 8.—The 6:15 train from San Francisco on the Donahue road, collided this afternoon with the Petaluma picnic train near Reed's station, caused by the engineer not stopping at Reed's as ordered. No one hurt and the only damage done was a broken pilot and one wheel off the track.

### ALL AT EUREKA.

DROWNED WHILE BATHING—A Church and Residence Burned.  
EUREKA, Cal., June 8.—Pedro Antonio, of Scotia, was drowned yesterday, while bathing in Howe Creek.  
The Christian Church of Fortuna was burned, after midnight last night. The flames communicated to the residence of the Postmistress, Miss Bertie McNulty, which also burned to the ground. Loss, \$3,000; partly insured. It is thought that the fire was started by incendiaries.

### ACCIDENTAL SHOOTING.

RESULTS IN THE DEATH OF A BRIDE OF ONE MONTH.  
SACRAMENTO, June 8.—Last night a young colored man named Whittaker and wife were about to enter a buggy in front of their residence to go to a moonlight picnic in the suburbs. The wife put her hand into her husband's coat pocket and finding a pistol took it out. He said he was taking it to a friend but she replied that neither he nor the friend needed it and started to take it in the house.  
Whittaker caught her hand and in trying to take the weapon away it was discharged. The bullet entered his wife's left side, causing her death this morning. The struggle for the pistol was in a spirit of humor and the accident is deplorable. The parties had been married but one month and were greatly attached to one another.

## LABOR DEMONSTRATION.

TWO HUNDRED THOUSAND MEN ASSEMBLED IN HYDE PARK, LONDON.  
LONDON, June 8.—A great labor demonstration was made today in Hyde Park. It is estimated that 40,000 men were in the procession that marched to the park, where fully 200,000 more had assembled to take part in the meeting.  
Upon leaving the park, Sir Henry Havelock in some way incurred the ill will of the crowd. The mob made a rush and nearly unhorsed him. The police formed a cordon around him and by free use of their clubs kept back the infuriated workmen who threw heavy clots of earth at the officers and tried to break through the cordon. A few arrests were made and Sir Henry finally cantered off escorted by mounted police.

### HIM MUCH MARRIED.

THE FIRST CHINAMAN TO BE ARRESTED FOR BIGAMY.  
SAN FRANCISCO, June 8.—A warrant was sworn out this afternoon for Kwack Him, a Chinese interpreter, for bigamy. He married a Chinese woman in Bakersfield some years ago in Chinese form and recently married another in this city in Christian form.  
It is a question whether the first marriage is legal under California laws. Him was arrested tonight in Los Angeles on a telegram. He is the first Chinaman ever arrested for bigamy in the United States.

## WATCHING THE CHINESE.

CLOSING THE BACK DOOR AGAINST THEM.  
A System of Espionage Adopted by Special Agent Irvine That Will Keep Them Out.  
Special to The Republican.  
NOGALES, Ariz., June 8.—The Chinese question is practically solved by the work of Special Agent Irvine. The Chinese are followed from San Francisco to Guaymas and thence overland to the line.  
There are now 100 between here and Guaymas and the daily movements of each is regularly reported to Agent Irvine at this point. A party of twenty-eight is now the only one bound for the United States being followed by a son of United States Marshal Paul and a Deputy Marshal.

### WILL PUT ON FAST TRAINS.

Completion of a New Traffic Arrangement for Trans-Continental Business.  
MINNEAPOLIS, June 8.—An important traffic arrangement has just been completed between the Northern Pacific and Milwaukee and St. Paul roads. Since the alliance between the Northwestern and Union Pacific better time has been made between Chicago and Portland than could be made over the Wisconsin Central from Chicago and the Northern Pacific from St. Paul. The result has been that great inroads have been made upon the first-class business of the Northern Pacific and the latter, therefore, made overtures to the Milwaukee and St. Paul for a traffic arrangement through passenger business.  
The arrangement has been completed for Pullman sleepers to run through from Chicago to Portland and other north Pacific Coast points. Just what time the trip from Chicago to Portland will consume has not yet been announced, but it will, it is said, be considerably shorter than that via the Northwestern and Union Pacific. The first train under the new schedule will leave Chicago June 15.

### WHAT'S IN A NAME.

THE CONFUSION ONE COMMON FAMILY COGNOMEN SOMETIMES CAUSES.  
WASHINGTON, June 8.—There are four Wilson members of the House and once in a while the presence of so many persons with one common family name occasions a slight mistake in the record of proceedings in the House.  
An instance of this happened yesterday in the vote on the silver bill. Mr. Wilson of Missouri, a Democrat, was recorded as voting in favor of the passage of the bill, whereas, he voted against its passage; while Mr. Wilson of Washington, a Republican, was put down as opposed to the bill although he voted in favor of it. The error was caused by the clerk reading the name of Wilson of Missouri, before that of Wilson of Missouri, thus changing the order in which they appear on the roll.

### Women Ball Players Arrested.

DANVILLE, Ills., June 8.—Two baseball clubs composed of women players played a game here today before 2,000 people. This evening Attorney Bailey swore out warrants for their arrest for disturbing the peace. Officer Patterson arrested them as they were leaving town in carriages for Covington, Ind.

## PRINCETON COLLEGE.

### Beginning of the Commencement Exercises.

### Dr. Patton's Baccalaureate Sermon.

### He Thinks Ministers Should Pay Less Attention to Material Affairs and More to Spiritual.

By the Associated Press:  
PRINCETON, N. J., June 8.—The exercises of the 143rd annual commencement of Princeton college began this morning with the Baccalaureate sermon by Dr. Patton. Speaking of the study of the bible and methods of its interpretation, Dr. Patton said in part: "There are men who stand in our pulpits and preach on the patience of Job and the moral courage of Daniel and who find material for sentimental sermons in season and entertaining sermons on the social follies of the day, and practical sermons on the importance of sleep or the need of restraining the imagination but who are silent respecting the tremendous fact of sin and the dogmatic significance of atoning blood. I do not say such men are humbling the word of God deceitfully, for I am willing to have them plead guilty if they prefer, of literary incapacity and unholistic stupidity that prevents them from seeing that the bleeding Christ is the central fact of the scripture."  
"Cultivate discrimination, seize upon the master thought, get hold of the big end of all the questions; rest your opinions in broad and deep rational foundations; follow the great trend of evidence and do not halt for minor difficulties and do not let trifles feed your doubts. We formulate our faith in creed statements and after a century or two find that the church and creed are not in exact accord."  
"There is nothing to be wondered at. It is the same old question of the letter and the spirit. The science of others is becoming the science of what is, rather than what ought to be, and if the doctrine of right succeeds at all it is the determination that whatever is, is right. In the name of reason I protest against this tendency in thought. I refuse to abdicate under the terrorism of popular sentiment."  
"Historic movement, as well as the actions of individuals, must be gauged by fixed principles. We cannot eliminate doctrines because we do not live them. Nor can we insert new ones ourselves because popular clamor calls for them. What is written is written, but it will be read with different emphasis in different periods, and will be interpreted in the light of the burning question of these periods and will be brought into relation with science and philosophy. Do not hastily assume that every great movement is an inspired movement. I have no faith in the inspiration of large masses of men."

### WORK OF BURGARS.

In Their Efforts to Crack a Bank They Turn Up a Town.  
BLOOMINGTON, Ills., June 8.—Burglars blew open the safe in Brown's bank at Chatawaugh early this morning. The out-building caught fire and seventeen buildings, comprising the main block, were burned. One fireman was badly hurt. Loss, \$90,000. The bank vaults contained \$15,000, and it is not yet ascertained whether this is missing.

### Hot for San Diego.

SAN DIEGO, June 8.—Yesterday was the hottest day here for many years. The thermometer registered 93 degrees.

## ROBBERS AT WORK.

### A NORTHERN PACIFIC TRAIN HELD UP IN DAKOTA.

The Engineer Compelled To Stop His Engine and Break Open the Mail Car—Escape of the Express Messenger.  
ST. PAUL, June 8.—The Northern Pacific east-bound passenger train which arrived here tonight was robbed by masked men near New Salem, N. D., last night.  
The engineer and fireman were surprised by two masked men climbing over the tender and ordering the train stopped at the point of robbery. Express Messenger Angeline, hearing shots fired forward and suspecting something, took \$6,000 in money from the safe, put out the lights and ran back two miles to New Salem.  
The mail car was first tackled by the robbers. A number of registered letters were rifled and then the two robbers turned their attention to the express car. This they found deserted much to their chagrin.  
The passengers were not touched. One put his head out of a window during the delay but was told to get back and a bullet whizzed past his head as a reminder that the orders had better be obeyed.  
A posse of men with the sheriff left Mauden this morning for the scene of the robbery. The robbers compelled the engineer to break in the door of the postal car. Only four masked men were seen at any time. The district around New Salem is peopled by quiet, law-abiding settlers. The robbers are presumed to be working people unknown in that part of the country.

### Trying to Evade the Law.

NEW YORK, June 8.—Seven Belgian glass-blowers, brought here in the Cunard steamer Umbria and ordered returned as contract laborers, were put on that vessel yesterday. On departure today the captain put them on a tug down in the bay and sent them back, alleging that he knew nothing about the order for their return. The customs officers demanded an explanation from the Cunard managers and they will probably support the men until Saturday, when they will be shipped on the Servia.

### Favoring a License Law.

LONDON, June 8.—A large demonstration in favor of the licensing bill was held at Hyde Park today. A large number of temperance and radical societies took part in the demonstrations with bands and banners. Immense throngs for eight hours watched the procession. It is estimated that 45,000 persons gathered about the platform in the park, from which various speakers addressed the crowd.

### Refused to Surrender.

KANSAS CITY, June 8.—Two negroes robbed a house at Lathrop last night. They boarded a train and proceeded as far as Liberty when the conductor received word to arrest them. They escaped and hid in the woods. The sheriff went out with a posse of twenty-five men and found the negroes behind a barricade in the woods. They refused to surrender and a battle commenced. One negro was wounded but they refused to give up and at last account the posse was still unable to get them out.

### Women College Winners.

LONDON, June 8.—A young woman has carried off the highest honors at the June examination at Cambridge University. The winner of the distinction is Miss Phillips Fawcett, who is bracketed as a superior of the male senior wrangler in the mathematical tripos. She is a daughter of the late Professor Fawcett. Two other women, Miss Field and Miss Lean, are also among the wranglers.

### California Pioneers.

CHICAGO, June 8.—The California Pioneers devoted their meeting today to a consideration of World's Fair matters. Harvey Sheldon, secretary of the State's association, explained the object of the organization, advising the formation by the pioneers of an auxiliary. After a lengthy discussion the association decided it could accomplish the necessary work in its present form.

## GERMAN AFFAIRS.

### The Emperor's Policy Toward Bismarck.

### Opposition to the New Army Bill.

### Various Parties in the Reichstag Demanding a Shorter Term of Compulsory Service.

[Copyright, 1890, by the New York Associated Press.]  
BERLIN, June 8.—Chancellor Von Caprivi did not send a note to the powers nor did he communicate with any foreign representative except the Austrian Ambassador on the subject of Bismarck's utterances in his interviews with a newspaper correspondent in which were alleged remarks of the Prince to the effect that Germany was not bound by treaty to assist Austria in event of war with Russia over the struggle for predominance in the Balkan peninsula.  
It caused Count Kalnoky to inquire how far the Emperor and Chancellor shared their interpretation of responsibilities in the alliance. Von Caprivi in his response avoided the discussion of such an interpolation and declined to attach any value to the reported interviews with the retired statesman.  
Bismarck has written to both Signor Crispien and Count Kalkreuth correcting the irritating impressions arising from those reported interviews. The Emperor and his ministers recognize the ex-Chancellor's full right to public expression in his views on State affairs through any medium he may choose. The suggestion has been given to the official press to allude to Bismarck only when necessary and then to speak of him with unvarying courtesy as a statesman who has rendered the greatest service to his country, but who has probably outlived his capacity to guide the affairs of the nation. This exactly represents the attitude the emperor desires his ministers to assume toward Bismarck.

### Struck Fastnet Rock.

NARROW ESCAPE OF AN OCEAN STEAMER.  
Only Saved by Slow Speed and Prompt Reversal of the Engines—Great Excitement Among the Passengers.  
LONDON, June 8.—The Anchor Line steamer, City of Rome, arrived at Queenstown this morning. The vessel had a narrow escape from destruction at Fastnet.  
She made land in a dense fog at 4 o'clock this morning. She was going slowly and taking soundings when, notwithstanding the care exercised, she struck Fastnet rock about three miles seaward of Crook Haven, bow on. Her forefoot got on the rock, and but for the prompt reversal of engines, a great accident would have been recorded.

### SEVEN DROWNED.

Result of Clinging to a Boat After She Had Upset.  
BOSTON, June 8.—This morning eight young men started out in a sail boat. When about a mile from Thompson's island, in Dorchester, the boat was struck by a squall and capsized. All but one were swimmers, but instead of trying to swim ashore they tried to climb on the boat, which was so heavily ballasted that their weight would force her beneath the surface, leaving them struggling in the water.  
In this manner the strength of the men became exhausted and they sank one by one until there was but one left. The survivor, Walter Quinlan, had sunk for the last time when the boat in rising came up under him lifting him above the surface. He floated in an unconscious condition for some time when the boat was seen from shore by employees of the gas works at Cow Pasture point who went out and brought him to shore and revived him.

### Injured in a Mine.

VIRGINIA, Nev., June 8.—Early this morning Roger Pendegast, general foreman, and Wm. E. Owens, day foreman of the Chollar mine, met with an accident at the 750 foot level. Their lamps caused an explosion and both were seriously injured. It is feared Owens may lose his eyes.

### No Escape But Suicide.

HAVANA, June 8.—Eysraud, the French murderer, continues in his suicidal ploys. Yesterday it was discovered that he had in his possession a piece of shirt which he had twisted into a rope and besmeared with soap, evidently intending to hang himself with it.

## SHOT IN THE NECK.

### Sensational Shooting Affair in Montreal.

### Engene Cowles of Cleveland, the Victim.

### Attempts To Draw His Revolver First, But the Other Man Is Too Quick for Him.

By the Associated Press:  
MONTREAL, June 8.—A sensational shooting affair occurred at four o'clock this afternoon on St. Catherine street as a result of which Eugene Cowles, son of the late Edmund Cowles, the well known editor of Cleveland, Ohio, lies in the general hospital with a bullet wound in the neck that may result in his death.  
Cowles and his wife, who is the daughter of Mr. Hale, a wealthy Cleveland banker, have not been living together for some time. Cowles has been in business in Lockport, N. Y., and his health failing, he recently determined to go on a trip. He made a visit to Cleveland to see his mother and friends, and on leaving there last Monday, took with him his 10-year-old daughter Florence unknown to her mother.  
The child's absence was soon discovered and search for her began. When Mrs. Cowles learned that her husband had taken the child she at once began suit for divorce, and an order was issued by the court giving her possession of the child, pending a hearing of the case.  
Cowles had gone to Toronto, and thither went Mrs. Cowles accompanied by her brother, sister and attorney, Judge Ingersoll of Cleveland. When they reached Toronto they found Cowles had gone to Montreal, taking the child with him. He had previously said he was willing to have an interview with his wife but would talk to no one else. It is believed his object was to obtain an additional allowance.  
Four months ago on the death of his father he was cut off with an allowance of \$2500. Previous to this it is asserted that he has been living at a rapid rate in company with a woman of questionable character named Clara Lienenchows. She is at present at St. Catharines, having followed Cowles there from Buffalo. Cowles has been twice to Europe with the woman and on one occasion had to cable to his wife at home to come to his aid as he was sick. She did so, but when he recovered from his illness he left her and returned with the other woman to America. On another occasion he lived with her in San Francisco, they occupying adjoining rooms, and he alleging she was his widowed sister.  
The pursuing party arrived at Montreal this morning, and an interview was arranged. Cowles in the morning took the child to a convent and instructed the Mother Superior not to give her up without a written order from him. He then returned to his hotel ready for the interview, which he wished to be private, with his wife. Her brother would not consent to this and accompanied them in a cab for a drive.  
The interview was in progress when Cowles suddenly made a movement to draw a revolver. Hall drew his immediately and shot him with the result as above. Doctors tonight think Cowles is not in danger. The sympathy is all with Hale and Mrs. Cowles and it is believed Cowles intended to kill her. Hale is in prison.  
Judge Dugan will issue a mandamus tomorrow to get the child from the convent when a guardian will be appointed.

SEATTLE, Wash., June 8.—C. J. Dobson, a contractor, was murdered by T. J. Pratt this evening. Dobson and his partner, Carrington, were building a house for Pratt. This evening Pratt came to the house and demanded the keys. Dobson replied that he would not give up the keys until the house was completed, and started away.

The bill that was passed by the House Saturday being substituted for the pending measure on the Senate calendar. This will facilitate the disposition of matters. The Legislative appropriation bill will be reported early and Senator Allison expects to have it passed before the week ends.  
Several appropriation bills are on the calendar in the House and it is the intention to dispose of these as quickly as possible in order to avoid embarrassment to the public service by delayed appropriations at the beginning of the next fiscal year.
